EDUCATION

Bachelor of Engineering, Information Technology

Vaasa University of Applied Science (VAMK)

2023 - now

RELEVANT COURSEWORK:

- Programming languages: Python, Bash scripting, C Javascript, Java.
- Local Area Networks
- Data Structures and Algorithms

SKILLS:

- Knowledge of Multiple Coding Languages
- Problem-solving and analytical skills
- Critical Thinking
- Communication and teamwork abilities

LANGUAGE

- English

PROFILE

I am a student with a strong passion for information technology and electronics. I am eager to find an internship where I can apply my skills, gain practical experience, and contribute to meaningful, real-world projects.

PROJECTS

Online Portfolio Website

- Designed and implemented a personal portfolio website showcasing projects and skills.
- Utilized HTML, CSS, and JavaScript for front-end development.
- Hosted the website on GitHub Pages.

Weather forecast

- In a pair programming project, I managed major parts to create a nice-looking and intuitive page.
- Using Open Weather API, Google Place API and built-in HTML API for making an informative web application.

Memory game

- A brain game with charming cards for enjoyable memory training.
- Designing an interactive game interface using HTML and JavaScript, enhanced with CSS for animations and styling.
